

Greenshades 1099 Promotion

Bundle Your 1099's

Greenshades is currently offering a **\$250** discount on the Greenshades Center 1099 E-File Module for anyone using our Year-End Forms solution. Bundling these modules together will not only save you time and money, but it will also save some of the stress associated with year-end. We are happy to print, stamp and mail recipient 1099's for just \$1 a piece when bundled with our 1099 E-File module.

Easily Manage 1099's

Greenshades uses a direct integration into Dynamics GP or SL to process 1099-MISC, DIV, INT and PATR electronic returns. After creating the return, the Greenshades Center will upload the electronic report directly to the IRS.

Addition of the Greenshades Year-End Forms solution will make it easy to print vendor copies of 1099's or outsource the printing process while maintaining the ability to reprint, edit and correct forms as needed.
